Preschool

Give your child a jump on general education and sign him/her up for F.E.C.'s hands on preschool program. These popular classes give your child valuable lessons in health and safety, as well as introducing numbers, letters, shapes, rhyming, concepts, patterns and colors. Children have the opportunity to participate in games, music, art, story- time, science and field trips. All of these activities are designed to enhance your child's socialization skills and make future transitions in education easier and more enjoyable. Children must be toilet trained and proof of immunizations is required.

Program begins September 9, 2019.

Instructor: Robin Romines
Location: Cottage Center
3097 Cottage Way
